

BEARDSTOWN COMMUNITY UNIT SCHOOL DISTRICT #15

Beardstown, Illinois

Notice to Parents of Their Right to Section 504 Services For Their Child

Dear Parents/Guardians:

Students with a physical or mental impairment that substantially limits a major life activity may be eligible for reasonable accommodations under Section 504.

Students who are currently enrolled in Kindergarten through 12th grade at Beardstown CUSD 15 may be referred for a Section 504 evaluation. This referral may be initiated if a student has a mental or physical impairment that adversely impacts the student in the classroom. If a family suspects that their student has an impairment, a letter should be submitted to the building principal that outlines their concern and request for an evaluation. The outcomes of the Section 504 evaluation will determine whether the student is eligible and requires a 504 plan.

A team of individuals, including families, that have knowledge of the student work together to develop a written plan that identifies the accommodations, modification, and services a student needs to access the general education.

If you are concerned about your child's learning, please contact your child's teacher, the principal, or the Student Services Director at [217-323-3665](tel:217-323-3665) ext. 2110.

Sincerely,

A handwritten signature in black ink, appearing to read "Brent O'Daniell". The signature is stylized with a large "B" and a long, sweeping underline.

Brent O'Daniell
Superintendent
